Caution:

When you see this sign, please refer to the safety precautions to avoid possible harm and damage.

Information:

When you see this sign, please take note of the advice for the correct and safe usage of your appliance.

SAFETY PRECAUTIONS

The instructions are part of the appliance. Read and follow all instructions to avoid possible harm and damage. Save these instructions and pass them on to any subsequent owner.

Avoid risk of fatal electric and fire

- Only plug the base into suitable, earthed mains connection. Make sure that the voltage of the power is the same as that specified on the rating plate.
- Do not pull the cable over sharp edges, clamp it or allow it to hang down. Keep the cable away from heat and damp.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons.
- Disconnect the base from the mains, when not in use for long periods. Disconnect by pulling out the plug and not pulling the cable itself, as this may damage the cable.
- Never immerse the base in water. Electricity and water together risk a fatal electric shock.
- Jug is not dishwasher safe.
- Our product is non-watertight
- The connector must be removed before the appliance is cleaned and that the appliance inlet must be dried before the appliance is used again.
- The appliance is only to be used with the stand provided.
- The appliance must not be immersed.
- If an extension lead is required, only use an earthed cable with a conductor cross-section of at least 1.5mm².

Avoid possible harm when operating the appliance

- The appliance is intended to prepare beverages according to these instructions. This appliance is intended to be used in household and similar applications such as: staff kitchen areas in shop, offices and other working environments; farm houses; by clients in hotels, motels and other residential type environments; bed and breakfast type environments. Do not use the appliance for other than intended use. No liability is accepted for any damage resulting from use for other purposes, faulty operation or amateur repairs. Guarantee services are also excluded in such cases.
- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.
- Do not use the appliance if damaged. A damaged appliance can cause electric shock, burns and fire.
- To avoid hazard, never place the appliance on or beside hot surfaces, for example, radiators, cooking rings, gas burners or similar.
- Never clean the appliance in a dishwasher.
- Our product is non-watertight
- Only use the appliance with the base provided.

DISPOSAL

Your appliance contains materials which can be recovered or recycled. Separation of the remaining waste products into different types facilitates the recycling of raw materials.

You can obtain information on disposal from your local authority.

SAVE THESE INSTRUCTIONS
